Celebrate 70 Campaign

In 2019 White Mills Christian Camp will be celebrating 70 years of Christian Camping! We are excited about this “birthday” and plan to celebrate in various ways throughout the summer. We have a “Celebrate 70” fundraising campaign and we are asking anyone who has been touched by Christian Camp to donate \$70 to this campaign. The funds raised in this campaign are going to provide the new bunkbeds and mattresses which will replace the oldest ones in the dorms. You can donate by mailing a check to PO Box 129, White Mills, KY 42788. You can also donate through the website. We have had a great response to this campaign which will continue through 2019. Thank you to everyone who has already donated!

New Camps for 2019

There are 2 new camps this summer: a MotoCROSS camp which will be led by Ben Fulcher and a 2nd week of Junior Wilderness. Also, the Performing Arts/Crafts/Sports week is getting a makeover and will provide some flexibility within the camp to try something new. Finally, Leadership Camp will be held for an entire week with 6th-12th graders attending.

Early Bird Registration Deadline is May 1, 2019

As some camps to fill up, register early to ensure your child’s place at camp. As you consider a week of camp for your child please remember that there will be a price increase after May 1 for all camps. Online registration opens January 1, 2019.

Summer Staff Needed

At the beginning of a new year our thoughts turn to June and July (this helps keep us warm in the cold months of January & February!). Along with planning weeks and working with deans we also begin looking for Summer Staff. Our Summer Staff work all summer at camp in various ways that support the deans and campers. [Positions include kitchen help, groundskeeping, housekeeping, zipline guides and lifeguards.](#) Many times, one person works in several different areas.

To apply you must be at least 16 years old, have a great attitude & work ethic and a servant’s heart. We will need people in all positions listed above and we have several positions open.

Contact the camp to talk to Ben after January 1, 2019 to discuss working with us this summer. Applications are available on the website under “Summer Camp.”
